For the Love of Quinn was a great read! I love long stories like this that have well drawn characters that get you involved in their stories. The love scenes were wonderfully written and peaked the imagination (my husband thanks you, LOL). Quinn's story and trials are one that many women can relate to, from her marriage gone wrong to falling for two very different men...the story kept moving and I kept rooting for both guys to win her heart. This is a great read and I highly recommend it to anyone out there looking for a little romance!!
